

P630

Advanced, high-performance PIN pad with rich multimedia and profit-building commerce capabilities.

Designed for performance and security, this premium PIN pad encourages greater customer engagement and better returns. The P630 provides merchants a powerful – and profitable - pathway to add Verifone’s Cloud Services. Take advantage of eCommerce capabilities, accept advanced methods of payment, manage your payment device estate, and more. Security? We have you covered with a powerful OS and PCI PTS 6.x approval.

- Full-color, touch screen display to promote loyalty, seasonal sales, and more
- Accepts all payment types including Advanced Payment Methods like PayPal, Klarna, and even Crypto-currency
- Uses existing Engage P400 cabling and stands for ease of migration and integration
- Support for an optional USB camera providing scanning capability at the counter
- Verifone Secure OS based on Android 10
- PCI 6.x Security

Specifications

Display

3.5" HVGA capacitive touch screen

Memory

1GB/8GB, Optional 2GB/16GB | Micro-SD slot supports 128GB memory expansion

Processor

Quad-core Cortex-A53 1.3 GHz

Card Readers

Triple track MSR: ISO 7810, 7811, 7813 | Smart card reader: EMVCo-approved

Operating System

VAOS, Verifone Secure OS based on Android 10

Contactless

ISO 14443 Types A and B, capable | EMVCo 3.0 CTLS L1 certification | MIFARE compliant | Supports major NFC/CTLS schemes

Connectivity

WiFi 5GHz and 2.4 GHz | Bluetooth® low energy 4.2

Peripheral Ports

SAM x3, Single connector: RS232, USB host, USB slave, Ethernet

Audio

Speaker for Multi-Media; Buzzer for CTLS

Physical

170 mm L x 80 mm W x 32 mm H, 310 g

Power Supply

Input: 110V-240 AC, 50-60Hz; Output 12V

Environmental

Operating temperature: -10°to 50°C (14°to 122°F); storage temperature: -20°to 60°C (-4°to 140°F); relative humidity: 5% to 90%, non-condensing

Security

PCI PTS 6.X
