

Elevate the in-store shopping experience.

M400

The Verifone M400 is a part of the Verifone Engage family of interactive, commerce-enabling devices. It leverages our secure, connected framework to transform the in-store experience to deliver rich, two-way interactions that engage customers like never before.

- Full color capacitive touchscreen to engage your customers and promote your brand
- Flexible connectivity options, including Bluetooth® low energy + WiFi
- Maximum security and compliance with end-to-end encryption
- Accepts all payment types: NFC/CTLS, mobile wallets, EMV, magstripe
- Utilizes the power of Verifone Cloud Services for customization, estate management, diagnostics and more.
